Great Reconstruction Sale

After the War Comes Reconstruction!

OUR STATESMEN are now busy with their plans for reconstruction after the great upheaval of the past four years. We, also, find there is need for reconstruction in our business. We contemplate certain changes in the arrangement of our stock, which experience has shown us will be to our benefit and will enable us to serve our customers to better advantage. These changes necessitate our reducing our stock, and even closing-out some lines entirely. In order to do this, we have planned this GREAT RECONSTRUCTION SALE, and have endeavored to make it the

ARBORDALE U.F.A.

The Annual meeting of the Arbordale U. F. A. was held on January 18th, everyone reporting a good time. After the officers were elected for the ensuing year, it was decided to hold a subscription contest for the Grain Grower's Guide, which is offering a special inducement to the U.F.A. The condition of special offer is that the proceeds from every yearly subscription of \$1.50 goes to the local union; also on renewal subscriptions the Guide will pay 50c. out of every \$1.50, and 75c. out of every \$3.00 for a three years subscription. In addition the guide will pay \$1.50 in prizes to Association or local that will send in the largest number of new subscriptions before March 1st. There will be three sets of prizes of \$25.00, \$15.00 and \$10.00, for each of the prairie provinces. The president appointed G. C. Taylor and R. C. Kinley to choose sides and make arrangements for the contest, the object being to secure the greatest amount of money for subscriptions to the Guide, the contest to close on Monday February 10. The result will be made known on that date at the U.F.A. meeting to be held at the home of Mr. and Mrs. H. Unwin. The side having the least amount of money collected will be required to furnish a supper for the Arbordale U. F. A., the date and place of which will be announced later. Following is a list of the members which have been chosen to each side, so it is to their interest to know on which side their names appear. The Guide, which is the best farm paper in the west, needs your support, and the local needs the money, so all members whose names appear in the lists are requested to do a little hustling and make the other fellows give the supper. Send in the name and address of the subscriber, together with the subscription money, to the local secretary, Will Kinley.

Spring Valley U.F.A.

That people were glad to have the ban on public meeting lifted was shown at our annual meeting on Wednesday evening, when most of the residents turned out. After the accounts and reports had been read, the president called for nominations for the Presidency. This matter of election was quickly disposed of, Mr. Armstrong making a motion that "All retiring officers be Re-elected." This motion was seconded and carried. The only new officers appointed were a committee to take charge of the circulating library. Having disposed of our routine business so quickly, we had time for two very interesting addresses—one by Mr. Banks on "Municipal Insurance," and the other by Mr. Rogers on "The Work of the U.F.A." Although it is something new in Spring Valley to get through a meeting so early, we still had time to appoint a committee of U. F. A. members and young people to find some entertainment for the winter. The committee had little difficulty about a program for, after being kept in so long, the best part of the evening would "be getting together." However, they did have some difficulty about deciding on a night. A number of families with children going to school, had expressed a wish that all our meetings could be held on Friday night as the children had lost so much time already that it would be too bad to keep them out through the week. When this was brought up several members pointed out that Friday night was the usual night for dances, and we might not get a good crowd on that night. After some discussion it was decided to have one gathering a month on Friday, and the others on our usual night.

We do not wish at all to interfere with any one's pleasure, but we think the pupils should have some consideration too. Therefore we are requesting that anyone planning a dance try to make all other meetings as much of a success as possible. If there is anything we can do to help out a dance on other nights, just send in the meantime, we would like everyone to come to our first social evening, on Friday, January 24th. Ladies please remember to bring refreshments.

Red Cross Notes.

On Friday, 24th, the Red Cross knitters will meet at the home of Mrs. Andrew Gilman, and sewers with Mrs. Creighton. The treasurer acknowledges with thanks \$30.00 from the Lacombe Cafe, being proceeds from the cake raffled on New Year's Day. Subscribers are requested to make it as easy as possible for the Red Cross collectors by having your money ready for them, or sending it in to them.

Olive Notes

A meeting of the Olive Branch of the Women's Institute will be held on Feb. 1st, in A. A. Smith's Hall at 2:30 p.m. Election of officers will be at this meeting and finish up the old year's business. All members are requested to be present, and let us get acquainted again after being shut up for so long. All ladies cordially invited.

Changes in the Dominion government income tax measure will, it is expected, double revenue from that source. Also there is reason to believe that this new form of taxation will be made permanent. One thing is certain. Such a tax will have a tendency to make careless electors sit up and take notice of what is happening down at Ottawa.

INFLUENZA IN LACOMBE
(Report of Mrs. Milner, President of the Red Cross Society.)
About the middle of October influenza began to appear in and around Lacombe. The number of cases kept gradually increasing from a few scattered ones until, in some instances whole families were taken down with the disease. Early in December there was a large increase in the number of cases and the epidemic continued unabated until, about January 1st. Since that time up to the present, there have been only a few new cases. Early in the epidemic, the Provincial board of health requested

that some building be secured to use as an Emergency Hospital for those cases where it might be better to remove patients from the trains. Rooms on the second floor of the Old School Building were secured to meet this requirement, and also where such accommodation was needed for local purposes. On November 3rd, the first patients were admitted, and on December 19th, the Hospital was moved to the Nelson School Building for more commodious and comfortable quarters. On January 10th, it was closed. Thirty six patients have been cared for, the greater number remaining during convalescence. The quarantine having been raised, school opened on the 14th instant, after the building had been thoroughly fumigated and cleaned. Services were held in the Churches on the 12th inst. While there have been many cases, and some serious ones, the greater number have been of a mild form. Only two deaths occurred in the town, one Mr. A. Cartwright, a resident. In his case, there were other complications. The other was a resident of a Rural District twenty-five miles east of Lacombe. The general opinion is that the low death rate here is attributable to the absence of poverty and overcrowding. No cases of suffering from lack of care have been reported. While it has been difficult to secure trained nurses, others have given assistance until more efficient help was found, both in private houses and in the Hospital. The existence of fairly sanitary conditions and the presence of a class of people who for the main part have used every precaution to combat the disease, seems to support and prove the statement that where there are unsanitary conditions and careless attendance a more virulent form develops, which is transmitted to others, who though favorably situated, are of ten unable to make successful resistance.

A valuable asset to the community is the presence of three skillful and reliable doctors: E. M. Sharpe, W. T. Hynes, and W. J. Simpson. In favorable times people are inclined to forget the worth of the members of this profession; but it is more nearly realized in times of heavy work in general practice. Dr. Simpson conscientiously and thoroughly performed the duties of Medical-Health Officer, and deserves special mention. Members of the Board of Health, Mayor W. N. Morrison, Messrs. F. E. McLeod, C. C. Switzer, and A. S. Stewart. Mr. R. M. Gibson, Chairman of the Board of Health for Crown Municipal District No. 399 has been associated with them. Soon after the quarantine was declared, the Red Cross Society volunteered to assist the Board of Health in any capacity that might be required of them. This assistance consisted principally in supplying nourishment and food for the Hospital, as well as other comforts and conveniences. The society also assisted in the homes where help was needed. From November third, to January tenth prepared food, sufficient to supplement what could be purchased and easily prepared, was sent daily to the Hospital; broth and soup, delicacies of all kinds, as well as more substantial food for convalescents and nurses. A regular system was followed so that the required supplies were prepared in town by different members of the Society. For fifty three days the food was all contributed. Then, the number became so large, that it was thought better to purchase the meats, but all else was still donated. A representative of the Red Cross kept in touch with the management of the Hospital and requested that any special need should be reported. In every case when this was done, the need was promptly met. It was so arranged that the work did not fall heavily on a few except in the case of the Executive of the Red Cross Society, who were responsible for the management. Upon them the duty entailed considerable responsibility and effort. Speaking for this Executive, the writer of this article wishes to thank all who rendered assistance. It is due the people of Lacombe that patients and others, who may not know, shall be informed how willing and eager nearly all were to work and contribute. Supplies were abundant and of the best quality, and much more was sent than was solicited. Such trying periods as the war and the epidemic reveals true nobility. As during the war so also during the epidemic, the people of Lacombe and vicinity have given the best evidence that they possess the qualities of true patriotism and benevolence to a marked degree.

Mr. N. E. Carruthers, Secretary Treasurer for the Town and Commissioner of the Electric Light department, also interested in various lines of public welfare, is always a busy man. Even so, such a situation as the present found him ready to step into the act for the Town in the business management of the Hospital, and to give much in the way of personal assistance where it was required. Mr. H. L. Manzer, Vice-Principal of the school, has given all his time since the beginning of the epidemic. He was capable willing and genial in helping around the hospital and in collecting food and other supplies. For the latter work Mayor Morrison loaned his car. Three capable nurses who have been in charge, are—Mrs. H. J. Bell of Lacombe, Mrs. Russell of Red Deer, and Miss B. Williams of Edmonton. Space will permit mentioning only a few others who have given valuable assistance in nursing; Miss M. Welsh, Mrs. A. M. MacDonald, Misses Jean Hill, E. Storey, Dick, Jessie Glass, K. Stevens, J. Gilmour, A. Hunter, D. Parker, A. Reeves, Mr. Morrison, Mrs. D. C. Gourlay, Mrs. Wyle, Rev. H. Assiter, Messrs. H. D. Cartwright, Nelson Gourlay and Geo. Storey. In this connection we wish to express our appreciation of the prompt action and splendid efforts of the Minister of

Carroll S. D. Annual Meeting

The annual meeting of the Carroll school District was held in the School on Saturday last 11th inst. It was the largest meeting and it is safe to say the most interesting ever held in this district.

After the usual reports were read and the ordinary business dealt with several motions for improvement were put forward, but lost. When we find in our midst improvement fanatics, who go so far as to suggest electric lights in the basement it is about time the people woke up to a sense of the reality of their danger and drew their purse-strings a little tighter.

Perhaps the most interesting part of the meeting was the election of a trustee. There were four candidates nominated—Messrs. G. W. M. Thompson, G. Bigam, H. G. Peterson and W. H. Donaldson. Bigam stood at the head of the poll with twenty one votes, Donaldson came next with ten, while poor Peterson was left with only three. There could be little doubt in the minds of most of the voters that Peterson was the most suitable man, but then no fair minded politician could blame us for supporting our party candidate even though we knew he was not the best man for the position. It is to be hoped that the defeated party won't get downhearted and give up the fight. Perhaps they were taken by surprise this year, but next year let them do a little electoneering, and perhaps they may be able to elect their candidate even though they do put forward a high-taxation man.

But after the ferment and excitement of election day is over, it seems foolish and wrong to let a little party feeling, or a few dollars stand in the way of the best interests of our school and the education of our children. We have now one of the best country school buildings in the west, and a good teacher. There is no need for any extravagant expenditure, but don't let us embark on a policy of retraction.

Communication

Dear Mr. Editor:

As a returned veteran, I would like to call your attention to some of the remarks of a member of the Canadian Senate, and I think I am justified in taking exception to them. In speaking of Canadian returned soldiers, the senator remarked that it was they got out of uniform, and started to work for a living. I can tell you Mr. Editor, that there is not one of us who does not want to get out of uniform just as soon as he can secure his discharge. I wonder how much help the senator has given to hasten our discharge? He also spoke of the soft job in the army and the big pay (110) a day. This sounds well coming from a man like him, does it not? Our friend the Senator also spoke of the first 33,000, and said that they were out of work and joined the army for a "meal ticket." They may have been out of work as he says, but what does he know about it? Was he ever interested to any greater extent than keeping his relatives from joining the forces? I would like to inform my friend the Senator that the first 33,000, ninety per cent. of them, were boys of good homes, who saw and heard from German rule and were ready and willing to give their lives to save the Empire from that rule. And about us getting to work and earning an "honest living."

Since when has politics become so honest? And does the senator think that we soldiers of Canada did not earn an "honest living" during the past four years. I did not have to go—I went because I thought it my duty and my parents did not, as some we know, have their boys hide behind a government position, and refuse to enlist unless a guarantee of a commission was forthcoming. It is men like my friend the senator who is breeding Bolshevism in Canada and elsewhere. The boys are coming home now that the war is over, and many of us have no use for the Union government, but if the opposition allows its representatives to hand out such talk as this—well 500,000 votes will be a help in swinging the election.

Thanking you Mr. Editor for your time and space, I beg to remain, your respectfully,
D. THOMPSON.

Dear Sir:—
After using one of your Moline Model D. tractors, all Fall, I think a few words of appreciation would be in order.

Firstly, its power surpasses all my expectations and is very much under-rated.

Secondly, it is very easy to operate, and look after. Also very easy on fuel and oil. It is geared just right with the simplest and most complete control I have ever seen. It has abundance of speed also the greatest hill climber that was ever made. I threshed 70,000 bus. of grain this fall with it and a 22 inch separator, without one minute's trouble.

RUSSIAN WOLF HOUNDS AT STUD.

Kim and Lord Wroscow

Kim M is a litter brother to the Calgary and Vancouver winner. Kim M is extra large, an all white dog with orange markings. He is certainly a beautiful type of a dog and moreover has a fine disposition. Both dogs are registered in the A. K. C. They will stand at Senator Talbot's ranch, 2 1/2 miles south west of Lacombe, Alberta. The animals are about 34 inches tall.

Lord Wroscow was sired by Kirk Altx the well known Canadian Champion. He will stand at stud with his mate, Kim M. He is a white dog with black markings, whelped February 20, 1918. He has a long head, thick, deep chest, high arched back and a wonderful body. They are both extra large and undoubtedly will be the means of producing some real high class stock.

Anyone wishing to improve their breed, should visit and see these young dogs. The Russian wolf hound is the swiftest breed on the face of the earth. In every case check must be received before breeding. All visiting bites at owner's risk. The best possible

care will be taken, but I admit of no responsibility whatever. Collar and chain must accompany each bitch, whether crated or not. Stud fees on application. Inspection invited. When writing, address—

Bentley Notes

The Late Ray Poling.

On Sunday afternoon there was a good turnout to the Memorial service for the late Ray Vernon Poling, who died of wounds in France, on September 30th, 1918 just six weeks following the death in action of his brother Cecil Poling. The arrangements had just been completed for a memorial service in November when the epidemic broke out and the service had to be postponed. The sympathy of the whole community goes out to Mr. Poling and his family in the double loss. The order of service on Sunday was a duplication of the Memorial Service on September 15th for Cecil Poling. The two brothers from childhood were inseparable. They worked together on the farm, enlisted together, and served together in the same battalion until the death of Cecil, and they were only separated in death by about six weeks.

We took the opportunity of this service to suggest a memorial for fallen soldiers and a fitting mark of appreciation for all our soldier boys. Our suggestion is this—namely, that the village council proceed at once to appoint a citizens committee for soldiers Memorial, that this committee endeavor to discover what would be the most fitting memorial, secure plans and estimate the cost, formulate and means and canvass the whole community thoroughly. We are safe in presuming that we are the centre of the valley for ten miles north, south and west. Then there should be our territory in this matter. As to a memorial we submit the following—A memorial Hall, to be a community centre. The central part of this should be a room large enough to be a regulation gymnasium. This would then serve as a concert hall on demand and therefore at one end there shall be an adequate stage with dressing rooms attached. There should also be a room fitted up with stove and dishes that would be a rest room for the farm women when they come in to town. This would also serve as a kitchen for social receptions, banquets, etc. Another room should be a library, reading room and game room. All this under one roof in our village as a tribute to the men who have done so much for us.

We believe that every item of this suggestion is a necessity in our community. As we said last week it is quite evident we need a hall for concerts and entertainments. But we think it is too bad to have a hall that is not used more often than when concerts are put on. So we need an athletic centre where we can have the equipment to give our youth healthful recreation. And if the hall were built on gymnasium lines it would serve both purposes. Surely there is none who will deny that there ought to be a rest room for our women. I have seen them standing around the stores holding the baby in their arms and one or two others clinging to their skirts. I know they were tired out and would have gladly welcomed a corner of their own to rest, and let the children run around free for a little while. We also need a library and reading room.

We shall be glad to have the people of the valley express their opinions as to a memorial for the soldiers and these opinions would be a great help no doubt to the citizens committee in deciding what is best.

Born—On Saturday, January 18th, to Mr. and Mrs. Jens Larson a daughter.

The annual meeting of the Bentley Co-operative Association is being called for Friday, Jan. 31st at 1 p. m. in the hall, for the transaction of business.

On Friday evening, January 18th 1919, a meeting was held in the

church at which the Bentley Young People's Society was organized. It is the purpose of the society to present an interesting program once a week to which all the people are invited. The following officers were elected, Miss C. Niles, President; J. M. Fawcett 1st Vice-President, convener of the science committee; Miss A. Holden, 2nd Vice-President, convener of the celebrity committee; H. Nicholson, 3rd vice-president, convener of the debating committee; Miss Faye Nicholson, 4th vice-president, convener of the social committee, and Miss Florence Court Secretary-Treasurer. The meeting will be held on Friday evenings and the first meeting will be held on Friday, Jan. 31st when the Social Committee will have charge of the programme.

Mr. E. H. Wilson, of Calgary, is in the locality purchasing furs from the local trappers. This is quite an industry this year, and Mr. Wilson has already secured over \$2000 worth of pelts. He is making his headquarters at Harry Brownlow's.

The Helping Hand society met at the home of Mrs. Poling on Wednesday afternoon when a large number of members were present. A good deal of Red Cross work was done.

The society purposes sending a box of garments to the Indians at Morley, and all who have anything to offer are invited to send it to Mrs. P. E. Thorp, Bentley. The election of officers took place resulting as follows. Mrs. Frank Thorp—President.

Mrs. D. A. Whitsell—Vice President. Mrs. Geo. Cabalka, Secretary-Treasurer.

The monthly meeting of the W. M. S. was held on Thursday afternoon. There were quite a few ladies present. A very interesting letter was read from Mrs. (Rev.) A. D. Miller, of Morley. After some discussions it was decided to change the time of meeting to the fourth Wednesday in each month. Mrs. John Dane had charge of the topic. A 15 cent tea was served after the meeting.

Word has been received that Mr. A. Putland has completed his work in the Y.M.C.A. and has gone to California. We understand Mrs. Putland and Gladys have gone to Edmonton for the winter.

We are in receipt of a letter which takes exception to a statement which we made a few weeks ago in these columns. The statement we made was—"We have discovered that this gentleman put one over on us, as he had sent the same item to the publisher, so he had a second try on us and was successful." The writer says this item had not been submitted to the publisher so nothing was "put over on us." Possibly our informant got this item and some other confused. However we have no wish to do anyone an injustice, and we accept the statement of the letter just received.

The Stephenson school began its new term on Jan. 13, with Jean Miller as teacher. Miss Miller needs no recommendation as she is well known to the community. Indeed the district may deem them selves fortunate in securing her services. The school work was rather heavily broken into last year. The schoolhouse was moved a mile further west and then in the fall the epidemic caused another break in the session. However the attendance was very good while school was in. All the children now attending have one mile less than formerly to go. It is to be hoped that all parents with children of school age will see to it that they are regular in attendance, and thus encourage the teacher. We expect to see Stephenson school this year one of the best in the district.

On Wednesday last, Jan. 15th Mr. and Mrs. Ralph Mowbray had the pleasure of entertaining at dinner, Mr. W. S. Mellis the well known Kimsey carpenter, and his bride, Mrs. Mellis. Mrs. Mellis is well known both in Rimbey and Lacombe, having taught the Rimbey high school several terms, and for the past year and a half she has taught in the Lacombe Public School. After a short visit to the Mowbray home, the couple continued their journey to Rimbey where they will begin house keeping at Mr. Mellis' farm, N.W. of Rimbey. The friends here wish them long and happy life.

The monthly meeting of the Centre Valley Woman's Club will be held at the home of Mrs. Guy Palmer on Thursday, January 30th.

Narrow Escape

While watching a gasoline at work on his father's farm near Blackfalds, Clifford, 12 year old son of A. L. Long, got his coat caught in the clutch pulley, and before the engine could be stopped the youngster was whirled around with the wheel several times. Fortunately the wheel was not so close to the ground that he could strike it, and aside from a few severe bruises and a bad cut on the leg, the boy is none the worse for the mishap.

Annual Church Meeting
On Sunday evening last after the service in St. Cyprian's Church the congregation remained to hear a report of the year's work in the parish and district. The Rector's

statement showed that he had conducted 117 services in Lacombe and 65 in the Country. The number of church families attached to St. Cyprian's was 23, with a church membership of 94 including the children. Associated with St. Cyprian's, were 18 church families in the Country District with a church attendance of 70, including children. In the town itself there was an increase of 28 over the previous year. The report of the People's Warden, P. V. Parson's showed that after all expenses had been met, there remained a balance in the hands of the treasurer, and this notwithstanding that the church was closed 3 months by order of the Medical Officer of health. The Rector's Warden, A. T. Inskip, stated that the property of the church was free of debt, in excellent repair and all covered by fire insurance. He also read statements of the good work accomplished by the Woman's Auxiliary and the Woman's Guild of the parish, which bore testimony to indefatigable effort on the part of those organizations. It was unanimously agreed to increase the Rector's stipend. As a token of respect to the memory of the late Andrew Cartwright, who was a member of the Vestry, the Congregation rose to their feet. The following are the officers for the ensuing year: Wardens—A. T. Inskip and F. V. Parsons; Vestry Messrs. Sladen, Bigland, Healing, Clarke, Elliott, Halpin, Owen, Hall, Young, Pearce, Sandbrook and Bogie. Organist, Miss Inskip.
